I have been a local farmer for 65 years. I have been previously on council and one of my achievements was the tree pruning project which was completed in 3 years rather than the estimated 120 years. I have put pressure on Shire Rate rises, I believe in Government Grants rather than Loans. I also believe in better road maintenance and I would like to see Debt reduction and Rates Reduction. I am prepared to take the peoples issues and concerns to the council. I look forward to the chance to represent you.
