## CORPORATE AND COMMUNITY SERVICES

### PLAY IN THE PARK

With funding support from Meerlinga, Lotterywest, HealthwayWA, the Department of Communities, A Smart Start, Wanslea & Parenting Connection, Play in the Park took on a Messy Play morning. The weather was looking very ordinary, so we relocated to The Kodja Place and made use of the amphitheatre. Carers and kids had a fabulous morning of clay, painting, volcanos, bubbles, weaving and general messiness. It was wonderful to create some art together, enjoy a healthy morning tea and see all the wonderful interactions.

## Upcoming sewer relining work Kojonup

### When is this happening?

Work is scheduled to commence on **27 November 2021** and will be completed in mid-December 2021. During this period, we will generally work from Monday to Saturday between 7.00 am and 5.00 pm.

### How will this impact me?

Aaro Group will be working in both verges and/or roads, and also in the boundary of private properties. If Aaro requires access to your property, we will contact you directly to discuss the work and arrange entry.

Residents and businesses may notice more activity in the area, noise from generators and vehicles and temporary odour. Traffic management will be in place to direct vehicles, cyclists and pedestrians safely around the work area.

If you experience any odour in your bathroom during this work, flush your toilet and pour water down the floor drain. Where possible, please keep all toilet lids closed during this period. If water spurts from your toilet, please notify **Mitch Cornell (Aaro Superintendent) on 0450 603 439** immediately. Interflow will assess the issue, work with you to organise a cleanup and notify the Department of Health.

We thank you for your understanding and appreciate your cooperation while this important work takes place.

### Who can I contact?

- For an enquiry or issue requiring immediate actioning onsite, please contact Aaro Project Manager, Leo Repone, via email at [leo.repone@aarogroup.com](mailto:leo.repone@aarogroup.com) or call 0408 588 079
- For project information please contact Moe Oo, Water Corporation Project Manager, via email at [Moe.Oo@watercorporation.com.au](mailto:Moe.Oo@watercorporation.com.au) or call (08) 6330 6727
- For general enquiries, please contact Eva Buckley, Community Engagement Advisor via email at [Eva.Buckley@watercorporation.com.au](mailto:Eva.Buckley@watercorporation.com.au) or call (08) 9420 2085

## Upcoming sewer relining work Kojonup

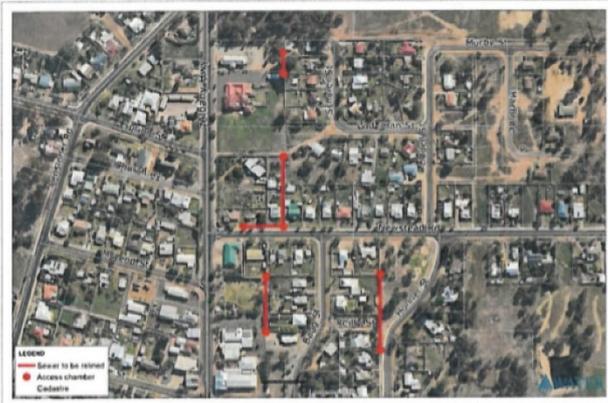

### What is happening?

Our authorised contractor, Aaro Group, will soon commence work to refurbish ageing wastewater pipes in Kojonup. Sewer relining uses trenchless technology to clean and refurbish existing wastewater pipes. It reduces the likelihood of blockages and extends the life of this important infrastructure by at least 50 years.

### Where is this happening?

We will be working in select areas across Kojonup. Please refer to the maps below to view the work areas.

**Think before you flush**

Only soap and water down the sink.  
Paper, pee and poo down the loo.

## Upcoming sewer relining work

### Kojonup

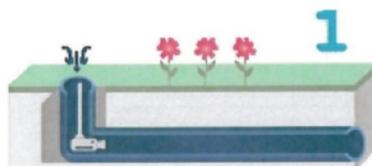

### How does it work?

The nature of the sewer relining program means that the work is undertaken in stages, with a different Interflow work crew for each stage. As such, you may notice that Interflow will come for a few days at a time to complete the first stage, will be gone for a few weeks and then come back to complete subsequent stages.

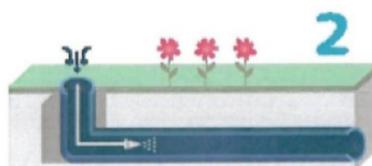

#### Step 1 - Pipes are checked via CCTV

To determine exactly what we need to do to fix them.

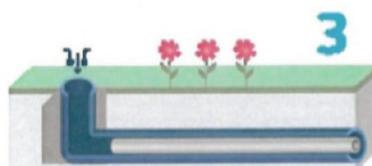

#### Step 2 - Pipes are cleaned

High pressure water is jetted through the pipes. It may cause some gurgling or splashing from your toilet. We therefore advise to keep the toilet lid down. If water does spurt out of the toilet, please contact the Interflow Project Manager immediately.

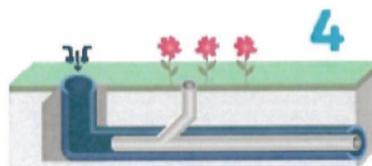

#### Step 3 - Pipes are relined

A plastic strip is wound into the old pipe by a machine to form a new pipe.

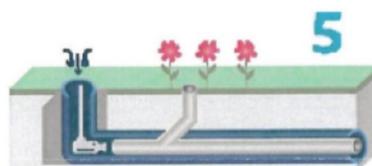

#### Step 4 - New pipe is connected

Lateral lines (property connections) are reconnected to the new pipe and junctions are sealed to protect the new pipe. This opens the connection to provide access to the system.

#### Step 5 - Pipes are checked

This ensures that the job has been done properly. If we find any issues we'll come back and fix it. We may need to return to the area to repeat the above steps.

**Think before you flush**

Only soap and water down the sink.  
Paper, pee and poo down the loo.

## Quinto Guidi and Vito Muletta

The Shire recently placed a plaque on the stone work at Kodja Place recognising the stone work around Kojonup done by Quinto Guidi and Vito Muletta originally from Prata, Italy. The two men commenced working at the Shire in the early 1970s as labourers with the outside crew. They quickly developed their skills in stone masonry which is visibly evident around the Shire today.

Their work included the stone wall at the hockey oval, wall along Hillman Park next to the shire office, rock work around Kodja Place, information bay wall at the bus stop, stone toilets at the Spring, entrance sign walls, stonework around Springhaven, and various other locations.

*Reno Guidi - Quinto Guidi's brother standing next to the plaque*

*Craig McVee (left) Reno Guidi (right)*

A plaque was erected on the stone wall outside the Kodja Place in May 2021 to recognise and immortalise the two men's work. This was unveiled in the presence of their family.

Quinto retired in the mid-90s and Vito retired in the late-90s. During their time with the shire, they developed skills building head walls on culverts throughout the shire and excelled in stonemasonry.

In a way of acknowledging their efforts Craig McVee, Manager Works and Services, unveiled the plaque on the stone wall outside the Kodja Place to acknowledge their services.

At the unveiling Craig shared stories of the two men and commented that Quinto and Vito openly joked about the fact that they were producing such a high standard of work, that one day the shire will award them with a "leather medal". Instead of a leather medal Craig was proud to unveil the plaque instead.

## LIBRARY

### Kojonup Public Library Artist-In-Residence Program

During the October School Holiday's, our library was fortunate to be part of the **SLWA & AWESOME** program. We had a 2-hour FREE community arts workshop run by a professional artist, who provided all the supplies needed to make a Mosaic butterfly or fish.

I'm sure Miss Fiona was our youngest participant at 4 years old ...I may have been the oldest, but who's counting! We had a fabulous afternoon in the company of each other and all went home with our mosaic creations.

Hopefully we may be able to participate again next time as the whole experience was fabulous.

Some of our mosaic trainees hard at work

Some of our fabulous mosaic creations

Sharon, pretty pleased with her left handed effort, plus Miah and Lyrique extremely happy with their take home craft.

I want to thank those that came along, I trust you all enjoyed yourselves and a **shout out** to **Chenoa** who became our all-rounder helper and cleaner of grout!! Thank you!

### Did you know?

Continual existence-that elusive philosophical concept is reflected in perpetuity, which traces to Latin perpetuus, an adjective meaning 'continual' or 'uninterrupted.' The word has specific legal use. It can refer, for example, to an arrangement or transferred (or at least, for a period longer than is set by rules against such arrangements) or to an annuity that is payable forever.

## Word of the Day

**Perpetuity** noun / per-puh-TOO-uh-tee

### Definition:

1. ETERNITY sense 2
2. The quality of state of being perpetual
3. (a)The condition of an estate limited so that it will not take effect or vest within the period fixed by law  
(b)an estate so limited
4. An annuity payable forever

Our amazing **FREE LITTLE LIBRARY** situated at the car park entrance at the Kojonup APEX Park has received a lot of use over the school holidays, not only by our community but also for those travelling through our town. We use our discarded stock from the Library to replenish but if you are thinking of going through your bookcase at home, please know you too are more than welcome to add any unused books for the enjoyment of others.

History: Our Free Little Library was kindly built by our Kojonup Men's Shed and the artwork is by Annarine Chapman of 'Mahina Arts'.

## What's NEW in books?

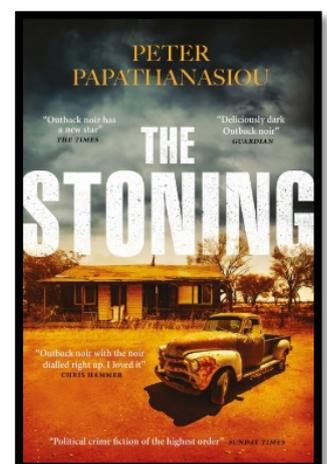

When Mim Squires and Mathias Vander are stranded together on a disrupted flight home to Perth, they are surprised to find that they have much in common. Mim owns a bookshop, Mathias is a writer, and both are at turning points in their lives. Mim's childhood polio is taking a toll on her life. Mathias is contemplating a cross-continent move to be nearer his daughter.

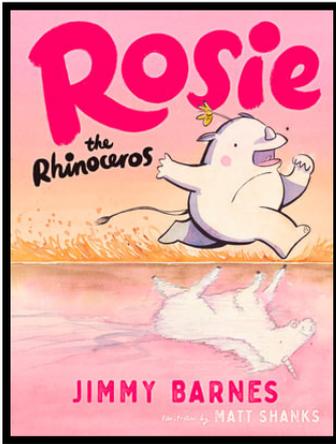

But life back in Perth is not smooth sailing, with their respective family members going through their own upheavals. As Mim and Mathias both struggle to adjust to the challenges of being in their late seventies, secrets from the past that neither wishes to face rise to the surface, challenging their long-held beliefs in their independence and singularity. At the end of the day can they muster the wisdom and the courage they need to change?

### A small town in outback Australia wakes to an appalling crime.

A local schoolteacher is found taped to a tree and stoned to death. Suspicion instantly falls on the refugees at the new detention centre on Cobb's northern outskirts. Tensions are high, between whites and the local indigenous community, between immigrants and the townies.

Still mourning the recent death of his father, Detective Sergeant George Manolis returns to his childhood hometown to investigate. Within minutes of his arrival, it's clear that Cobb is not the same place he left. Once it thrived, but now it's a poor and derelict dust hole, with the local police chief it deserves.

**From the award-winning author and rock legend Jimmy Barnes and critically acclaimed illustrator Matt Shanks comes a book about the joy of being yourself.**

Who is Rosie?

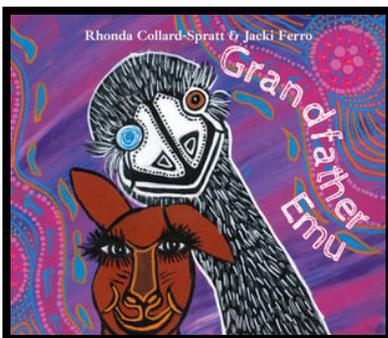

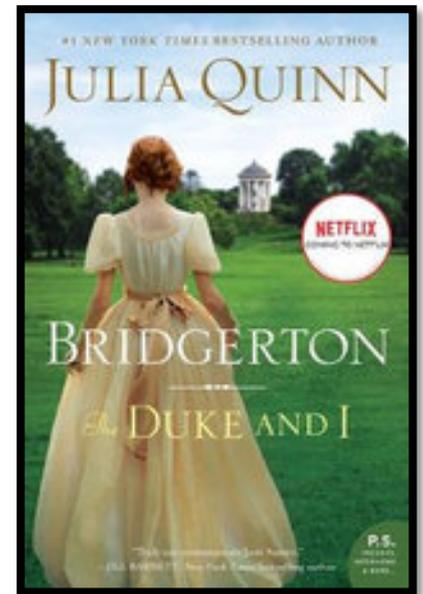

Is she a fun-loving rhinoceros who is always up early and ready to greet the day? Or is she a magical unicorn who skips through the savannah on her dainty hooves?

Either way she's perfect.

*Love ignores every rule...* In the ballrooms and drawing rooms of Regency London, rules abound. From their earliest days, children of aristocrats learn how to address an earl and curtsy before a prince - while other dictates of the ton are unspoken yet universally understood. A proper duke should be imperious and aloof. A young, marriageable lady should be amiable... but not too amiable.

Daphne Bridgerton has always failed at the latter. The fourth of eight siblings in her close-knit family, she has formed friendships with the most eligible young men in London. Everyone likes Daphne for her kindness and wit. But no one truly desires her. She is simply too honest for that, too unwilling to play the romantic games that captivate gentlemen.

Amiability is not a characteristic shared by Simon Basset, Duke of Hastings. Recently returned to England from abroad, he intends to shun both marriage and society - just as his callous father shunned Simon throughout his painful childhood. Yet an encounter with his best friend's sister offers another option. If Daphne agrees to a fake courtship, Simon can deter the mamas who parade their daughters before him. Daphne, meanwhile, will see her prospects and her reputation soar.

Poor old Grandfather Emu can hardly walk or see. Of all the bush animals, who will lead old Weij to the creek for food and water?

In this fun Aboriginal Dreaming story, children learn how Mother Yonga Kangaroo got her pouch, and the importance of taking the time to help.

## The Story of *The Kodja Place Australian Rose Maze*

The Kodja Place is a celebration of our community. It is here that we tell our story, a cross cultural story of people and place, deep tradition and struggle and of change and achievement. It is a rich reservoir which gives voice to the Spirit of Kojonup.

One version of the story told through the eyes of local women, is in *The Kodja Place Australian Rose Maze*.

This book which was put together by local photographer, Wendy Thorn, provides a pictorial journal of the Rose Maze project. From its muddy inception in 2001, following the industrious creation of paths, pergolas and structures and the planting, mulching, weeding and pruning of the Roses. It includes notes which give insight to the complex layering of artistic, historic and botanic foundations of this well-constructed story and a photographic catalogue of the Australian bred roses found in the maze. *The Story of The Kodja Place Australian Rose Maze* book is available for purchase at The Kodja Place and Kojonup Visitor Centre.
