Re: Wind Farm Proposal

Dear Shire of Kojonup,

I write to express my support for the construction of a windfarm with 74 turbines within the Shires of Broomehill Tambellup and Kojonup, as advertised in the Great Southern Herald.

I am delighted to see our region step forward with a commitment to renewable energy, and believe there will be tourism benefits as well as environmental and employment ones.

I would like to see part of the review of the proposal include assurance that the shadow of the turbines does not fall across any houses, at any time of day or year. German experience has shown that this can cause great disturbance to residents.

I wish the applicant, Moonies Hill Energy, all the best with their endeavour and hope that the Shires involved will be supportive of the venture.

Thank you for the opportunity to comment.

Yours sincerely,

Ella Maesepp
