To whom it may concern.

We, Timothy Johnston and Joanna Johnston, do strenuously object to the proposed wind farm at Flat Rocks.

Our objection is as follows;

The wind farm is being developed as private joint venture, as such it cannot be allowed to run supporting infrastructure (power lines) through our property without due recompense.

The use of our farmland in this manner will compromise the viability of our farming operation.

The lines through our property decreases the value of our land.

Timothy Johnston
Joanna Johnston
