Dear Mr. Gash

I object strongly to the proposal of the application of the Flat Rocks Wind Farm.

It is evident there are so many health issues involved with these turbines including headaches, nausea and sleep disturbance.

A number of farmers are under enough mental pressure now coping with health issues without a wind farm adding to more of them. Let the guilt rest with whoever agrees to these turbines if more pressure is added.

I also feel the time frame that has been allowed for discussions and forums in our Shire are appalling.

Instead of our signs into our town reading "STOP AND SMELL THE ROSES" maybe it should read "CAUTION TURBINE COUNTRY...BEWARE OF HEADACHES, NAUSEA, SLEEP DISTURBANCE AND DON'T BREAK DOWN OR NEED EMERGENCY SERVICES BECAUSE TURBINES MIGHT INTERFERE WITH COMMUNICATION SYSTYEMS.

Yours faithfully

Kevin Norrish
