THIS IS A SUBMISSION REGARDING
THE PROPOSED FLAT ROCKS WIND FARM. WE ARE AGAINST THIS
FOR THE FOLLOWING REASONS: TURBINES PROPOSED ARE TOO CLOSE
BECAUSE OF THIS WE HAVE CONCERNS REGARDING ISSUES LIKE
WIND TURBINE SICKNESS (LACK OF SLEEP, HIGH BLOOD PRESSURE ETC ETC ETC).
VISUAL IMPACT - TOO MANY, TOO HIGH - TOO CLOSE TO US. (1² KM)

WHY NOT SITE THE WIND FARM IN AN AREA WHERE
NEIGHBOURING DWELLINGS ARE MUCH FURTHER AWAY.

DONT WORRY WE HAVE READ UP A LOT ON THE
FOR AND AGAINST THESE 'INDUSTRIAL PLANTS' - IN A
AGRICULTURE / FARM AREA.

ALSO: TOO MUCH SECRECY / LACK OF COMMUNICATION - WITH
NEIGHBOURS - POSSIBLE LONG TERM ILL FEELING BETWEEN
FARMERS IN THE AREA. THESE ARE JUST A FEW COMMENTS
