Steve

I am writing to express my support for the wind farm. The forward thinking, motivated people who are involved should be commended. This is something Kojonup should be proud of. It shows Kojonup as a progressive town going places, the benefit to business and the workforce will be enormous. The general feel of the town will be positive and it will encourage other like minded people to move and live here knowing we are a forward moving place. The negative group is very disappointing as it shows no true meaningful reasons for its arguments which do not appear to be backed up with up to date realistic research findings. It would be a shame to lose something as wonderful as a wind farm in Kojonup due to a group of baseless knockers. Let's not give in to negativity and keep Kojonup moving forward.
